BACK TO BALANCED

Balance. It's what we all need to achieve in order to live happy, healthy lives. But with our modern, on-the-go lifestyles, balance can be difficult to attain.

Fortunately, there's Alphay. Built on a foundation of 5,000 years of Chinese wisdom and guided by the 5 Elements philosophy, we recognize the interconnectedness of all things in life—and all things within our bodies. We know that well being, vitality, stability, good health and longevity are only possible when all of our internal systems are in balance with one another.

Everything we create is made to reflect that perfect, natural harmony. We combine our own organically grown Lingzhi—a one-of-a-kind mushroom revered in traditional Chinese medicine and proven beneficial through modern research—with other natural elements that work together to help you achieve the balance essential to optimal health.

Radiate energy. Live with vitality. Look and feel your best.

Get back to balanced with Alphay.

5 Elements Nutrition

Balance

Supports the Proper Balance of All 5 Elements.

Balance is the foundation of good health. This nutritionally rich mushroom blend contains polysaccharides and antioxidants, promoting natural immunity, vitality and whole body wellness. Our formula supports natural energy while bringing the body's balance back to center.

Ingredients: Organic Mushrooms: Lingzhi, Lion's Mane. Cordyceps. Organic Schisandra

Bedding patterns may vary.

A photograph of a bedroom scene. In the foreground, a bed is made with white bedding. A white pillow with a subtle pattern and a decorative border is prominent. To the left, a lamp with a white shade and a silver base sits on a dark wooden nightstand. A glass of water and some decorative items are also on the nightstand. The background shows more of the bed and a dark wall.
